

# QMods

A Quick, Easy & Affordable  
Enclosure Modifications  
Program  
*by Hammond Mfg*

## What's Does It Include?

Single Door wallmount/Junction enclosures

- Use a standard enclosure as base, mild steel and 304 stainless steel
- Inner Mounting Panels

Economically Priced Modifications

- Through holes and cutouts
- Standard paint colors – ANSI 61 Gray, RAL7035 Lt. Gray, and Panel White

No minimum quantities!

Shipping within 10 business days

## How Does It Work?

1. Request a quote - CAD drawing , napkin sketch, verbal description  
You can be advised of our fixed mod charges on the spot
2. Distributor submits a quote referencing your unique "SQ#"
3. Submit P.O. to Distributor  
Require customer contacts for sign off on approval drawing
4. Hammond sends customer approval drawing (<24hrs)
5. Return approved drawing to Hammond  
Production begins and 10 day clock starts ticking
